**AMEND Senate Bill No. 627**

**House Bill No. 311\***

by deleting all language after the enacting clause and by substituting instead the following:

SECTION 1. The Tennessee department of transportation is urged to study the use and implementation of tolls as a means of financing projects such as, but not limited to, a possible toll bridge in Sumner County to connect with Old Hickory Boulevard and Gallatin Road near Old Hickory Dam. The Tennessee department of transportation is urged to study the use and implementation of tolls as a means of financing operating expenses, construction, project planning, site selection, design, engineering and acquisition of rights-of-way. The Tennessee department of transportation is urged to consult with the federal highway administration regarding the aforesaid study if appropriate. The Tennessee department of transportation is urged to report its findings and any recommendations relative to such study to the transportation committee of the house of representatives and transportation committee of the senate during the one hundred fifth general assembly of the state of Tennessee.

SECTION 2. This act shall take effect upon becoming a law, the public welfare requiring it.
